Black rockfish (Fish)

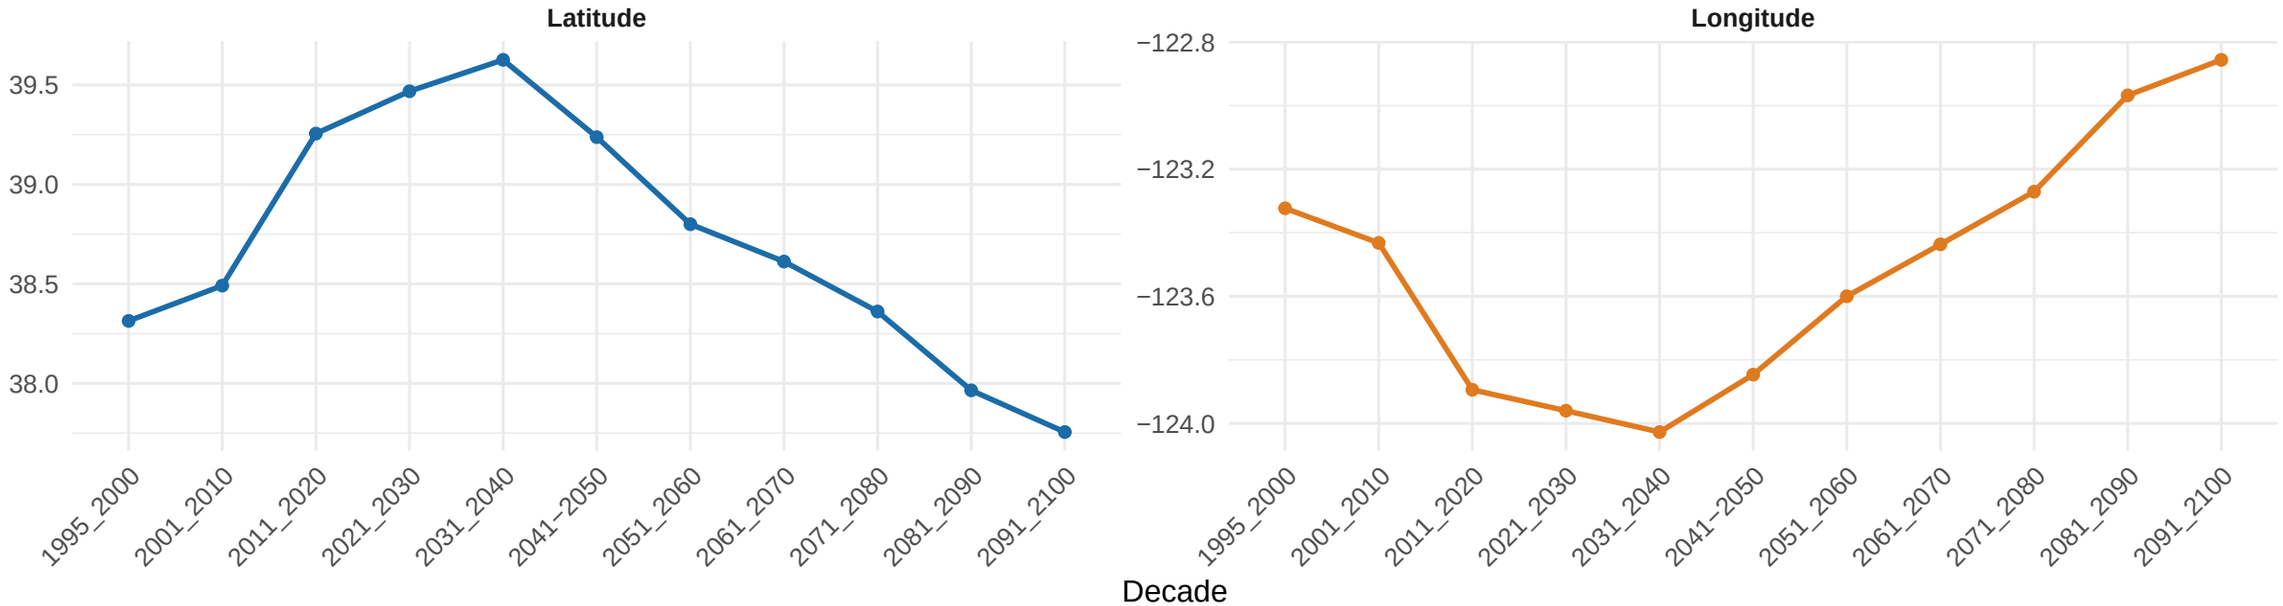

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

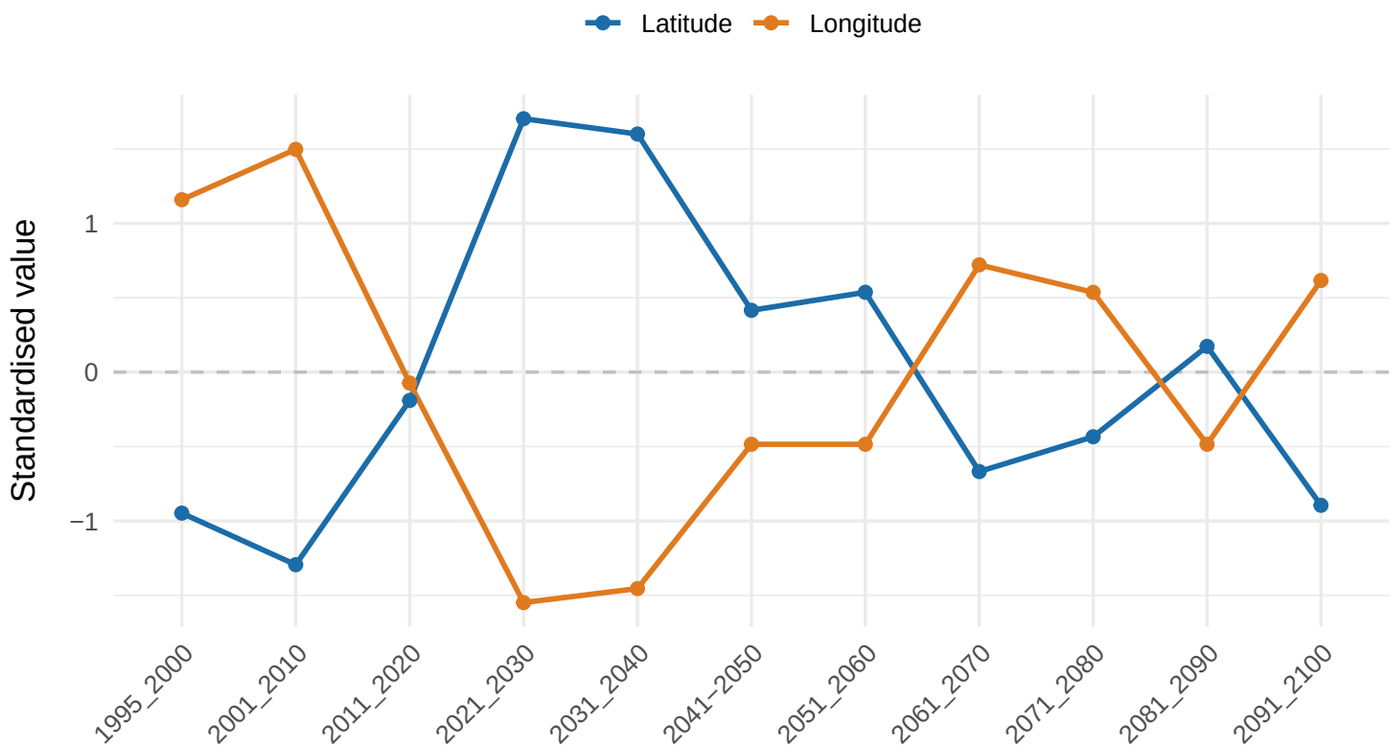

Raw values

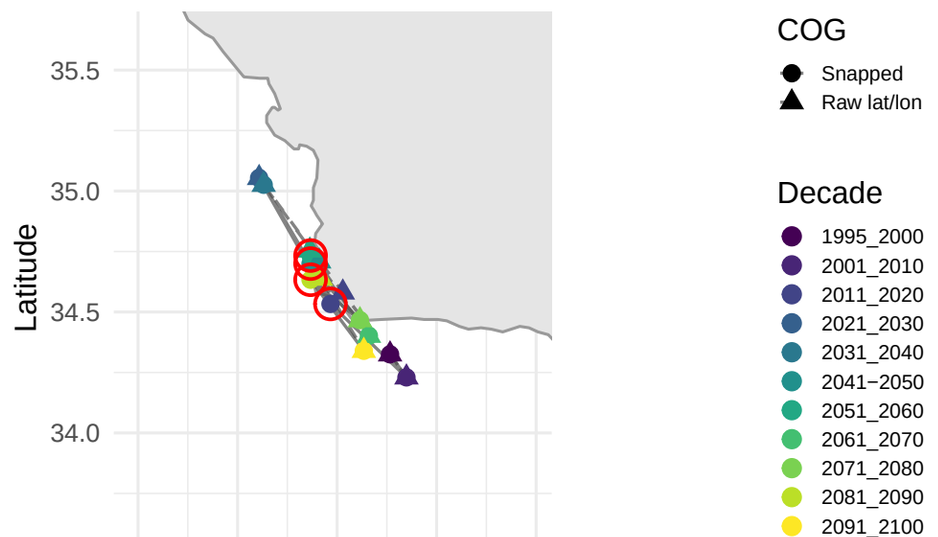

California barracuda (Fish)

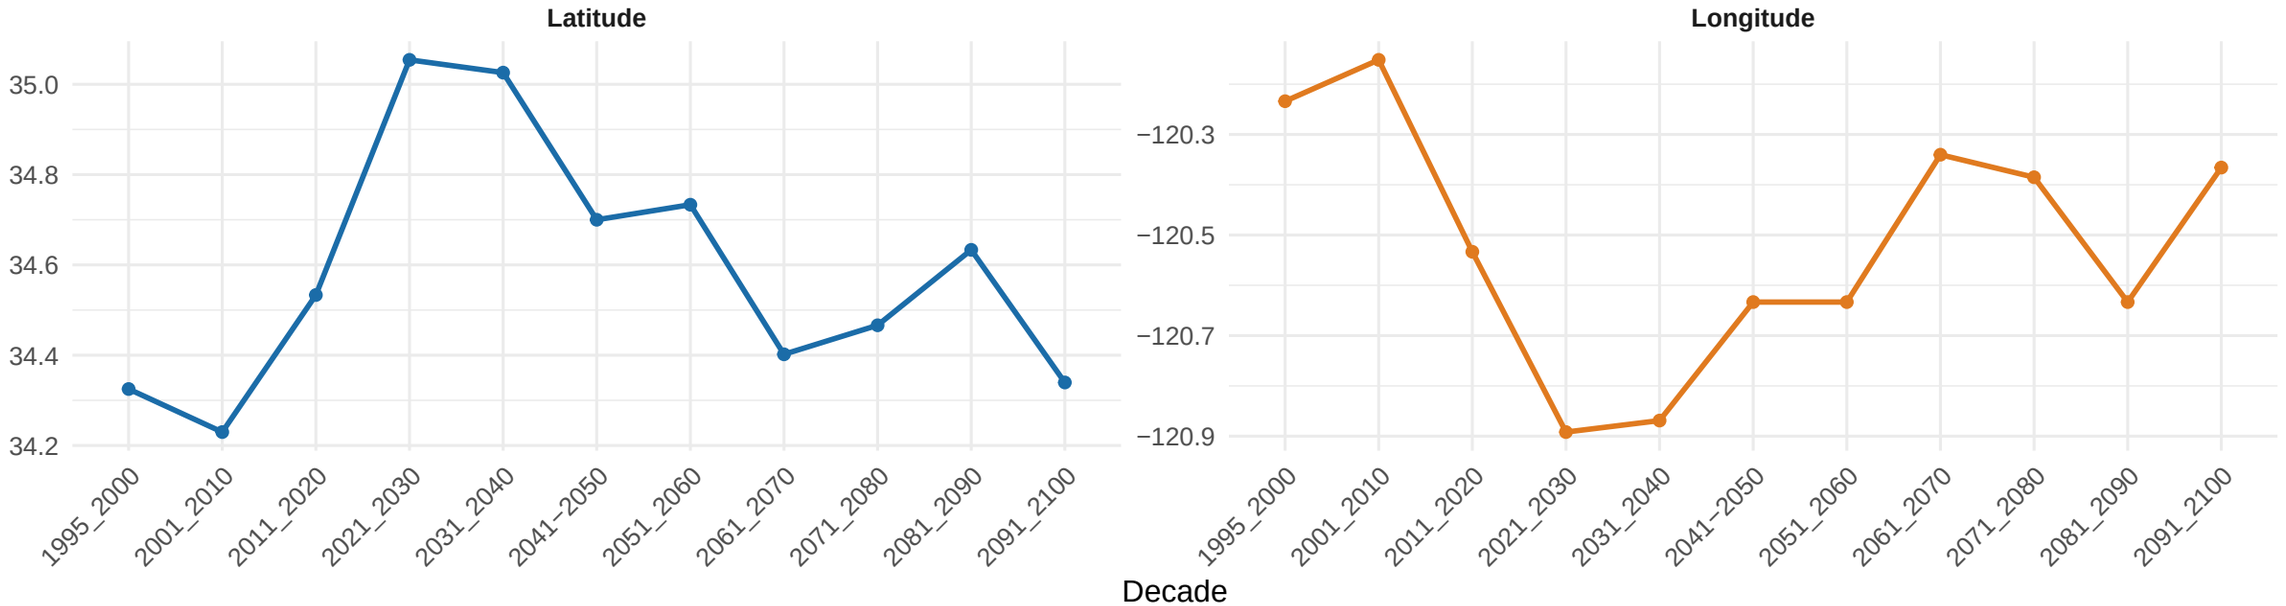

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

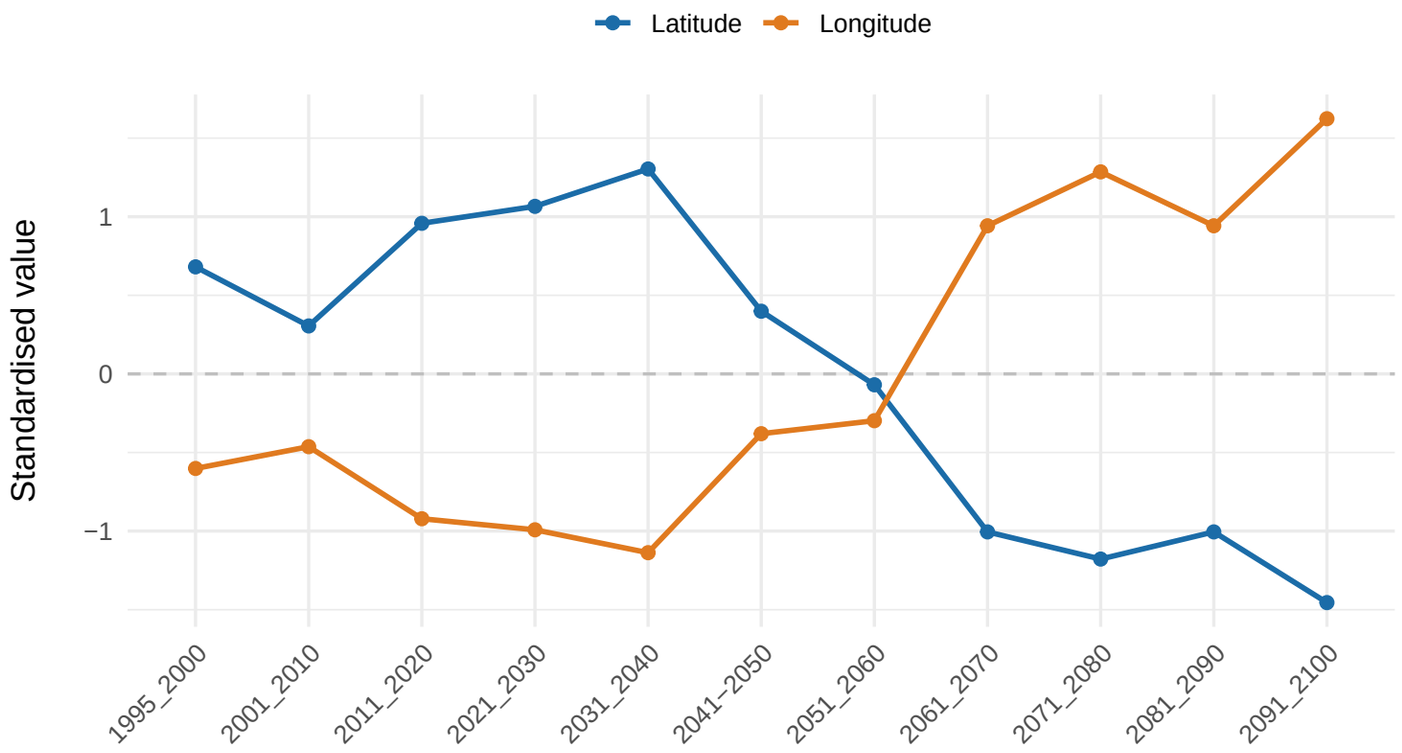

Raw values

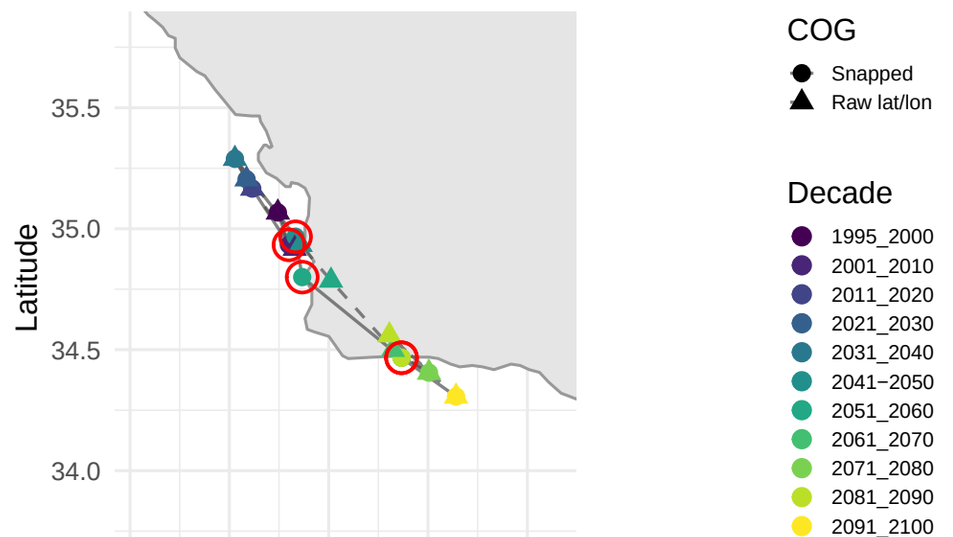

California halibut (Fish)

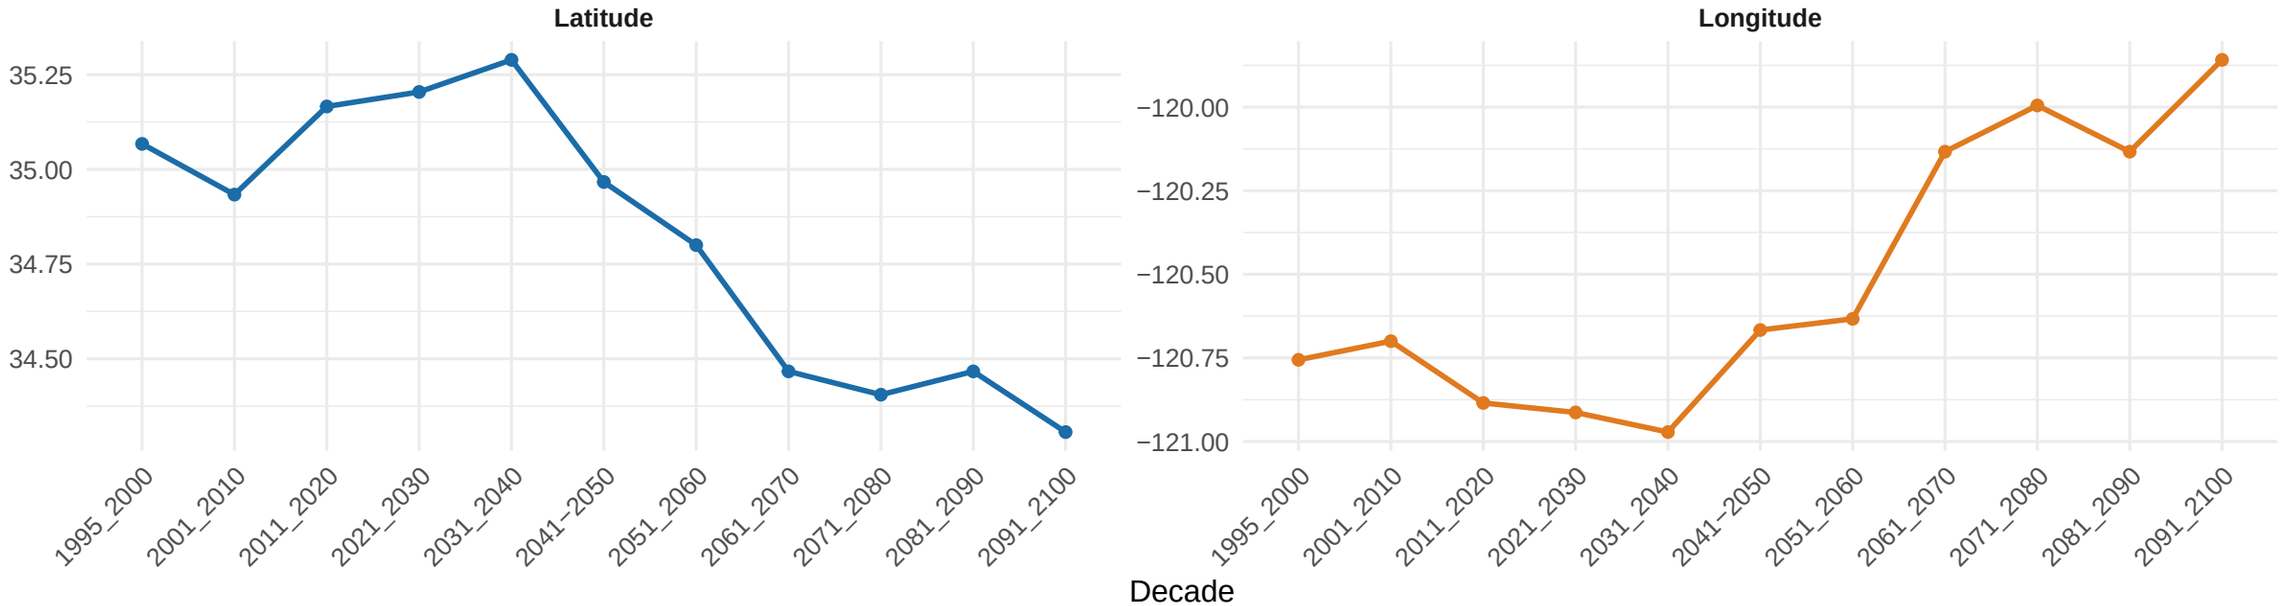

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

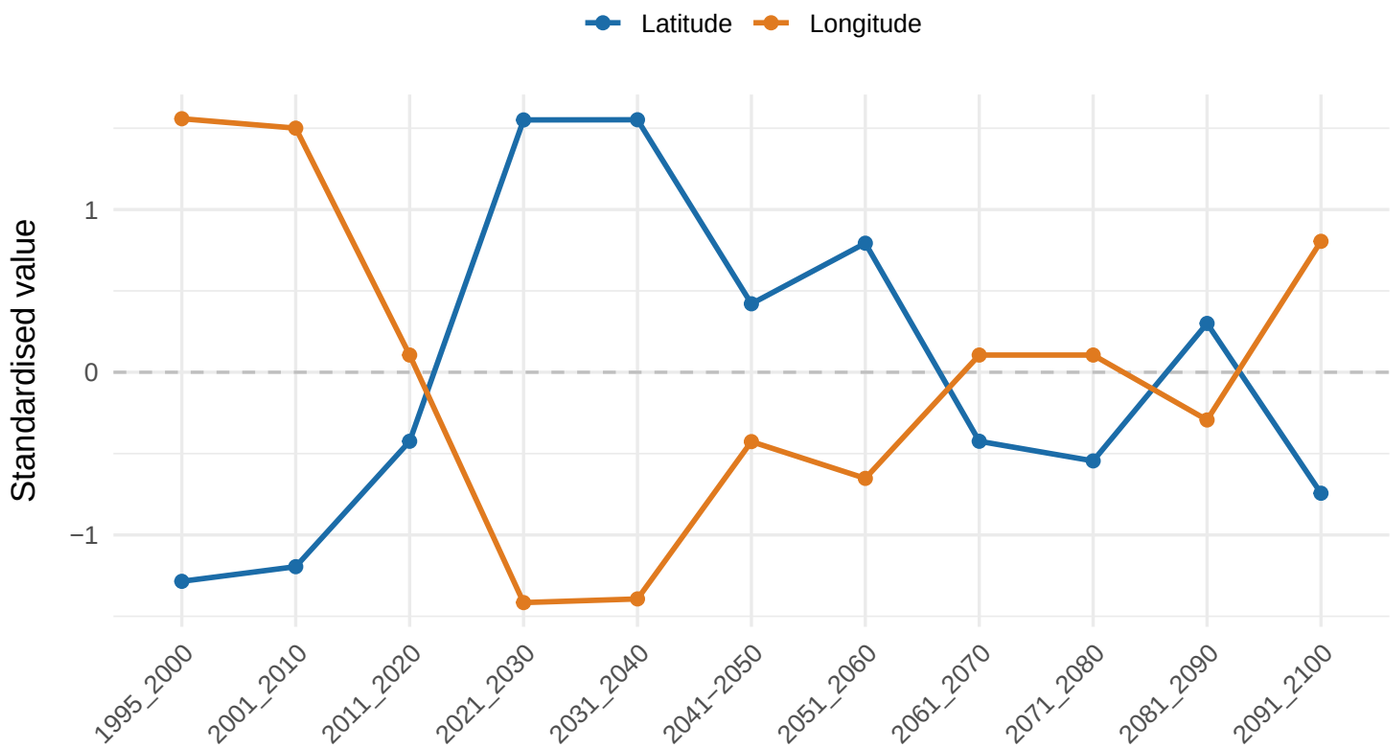

Raw values

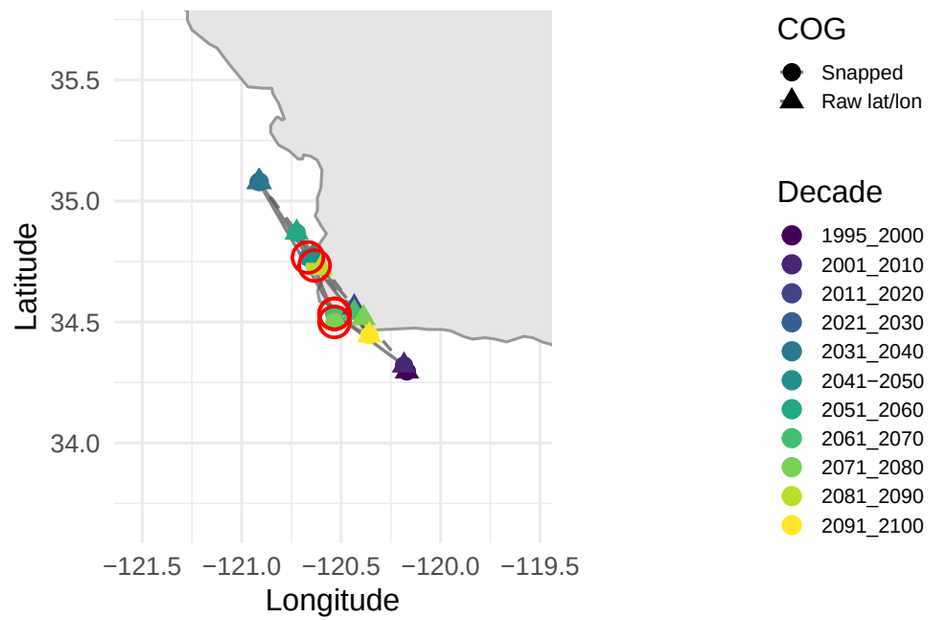

California sheephead (Fish)

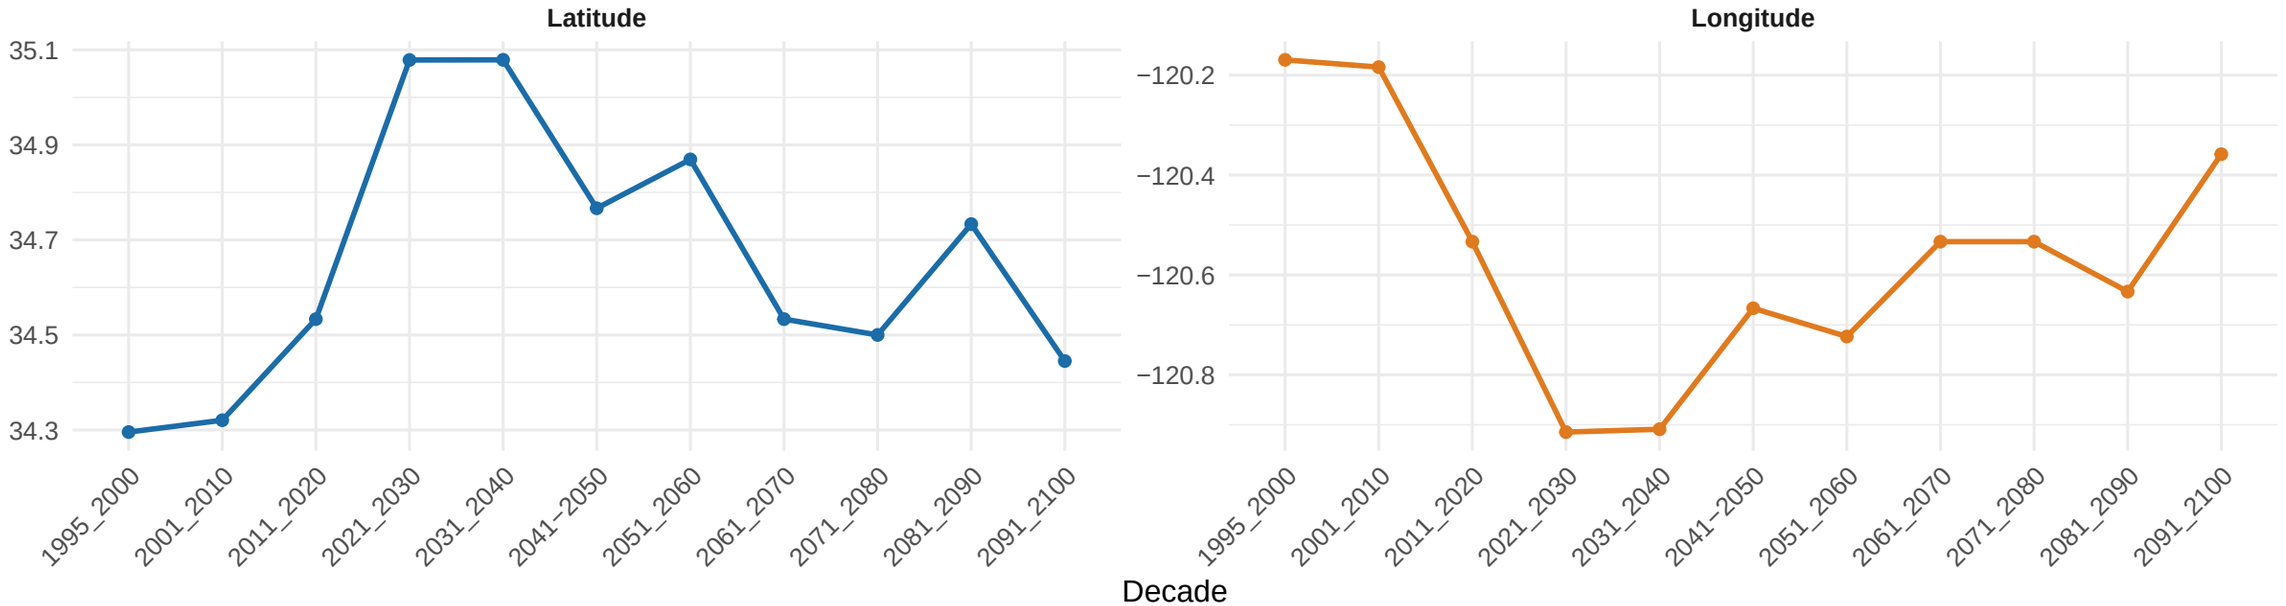

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

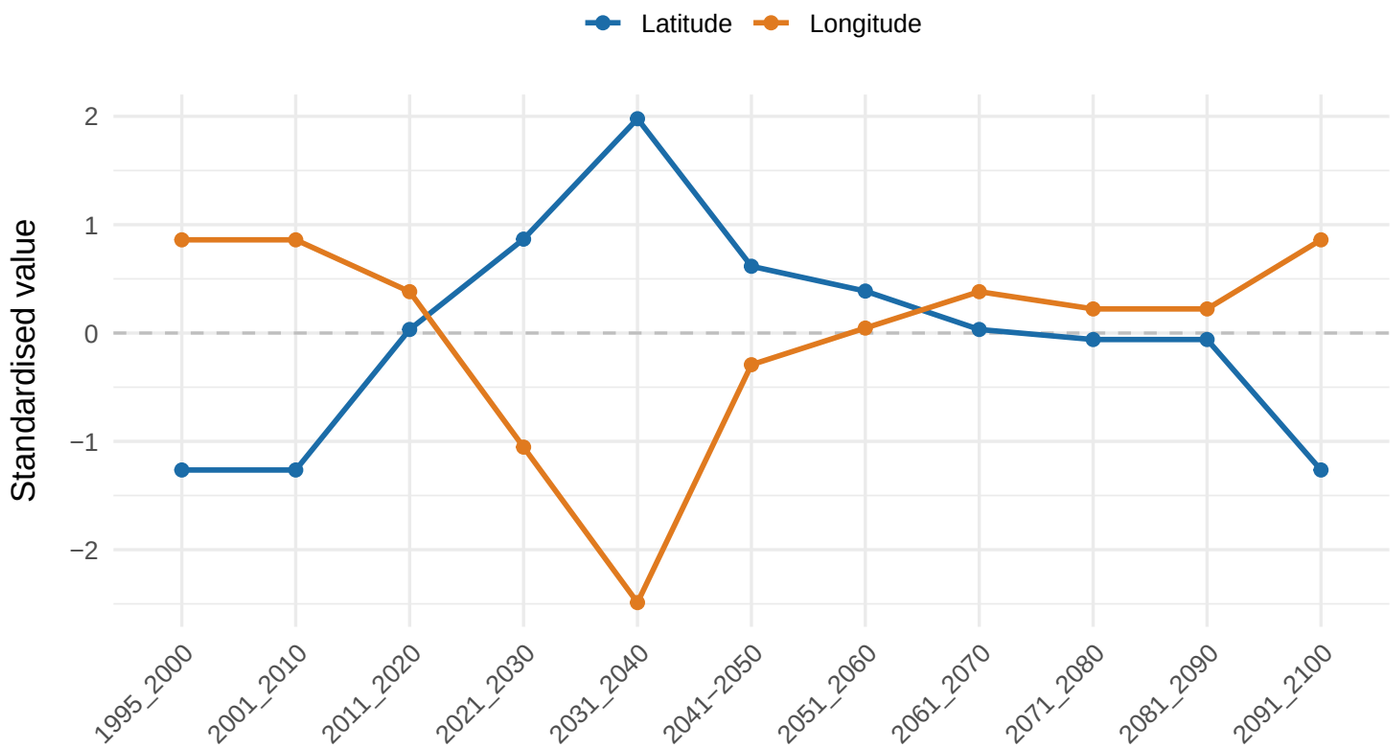

Raw values

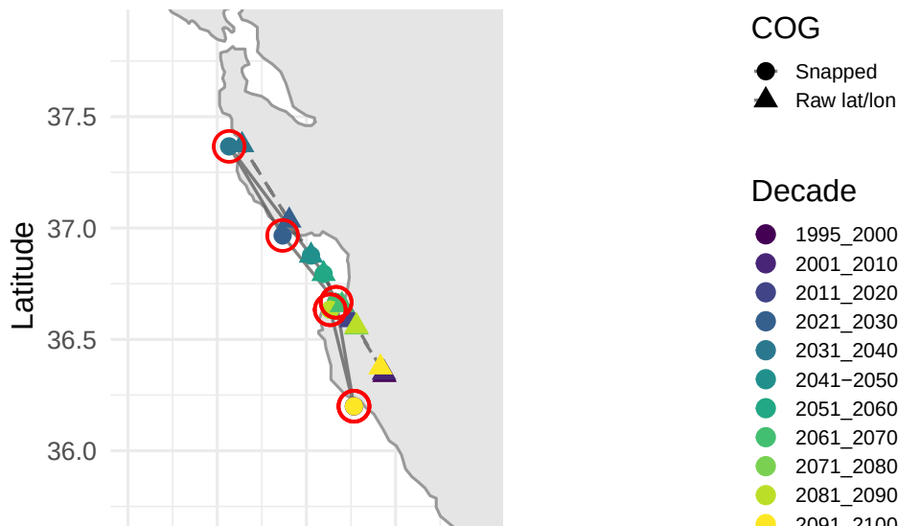

Copper rockfish (Fish)

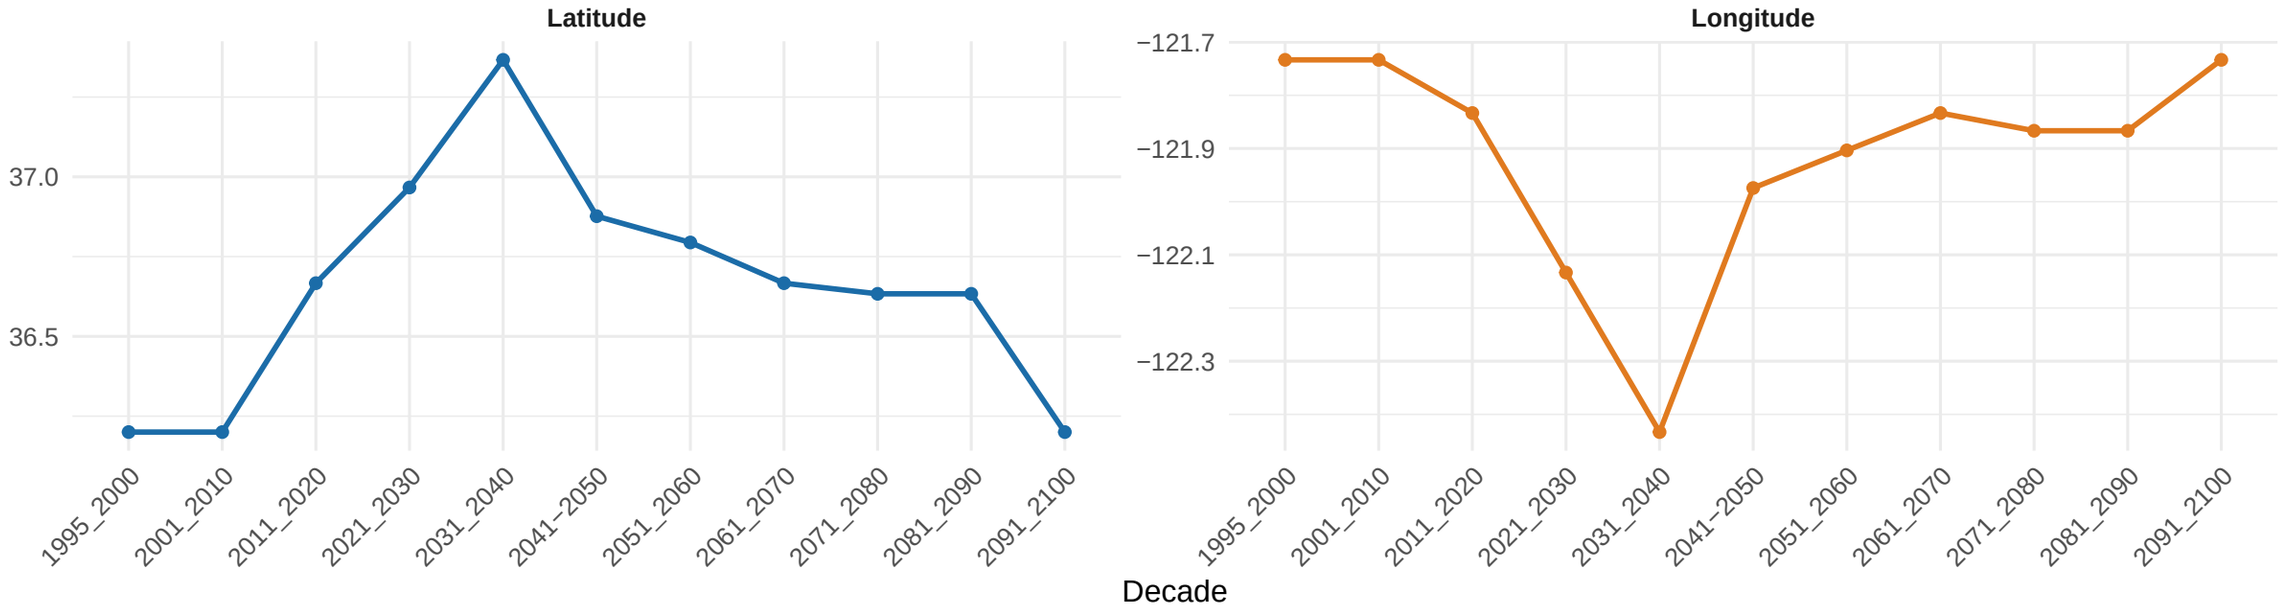

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

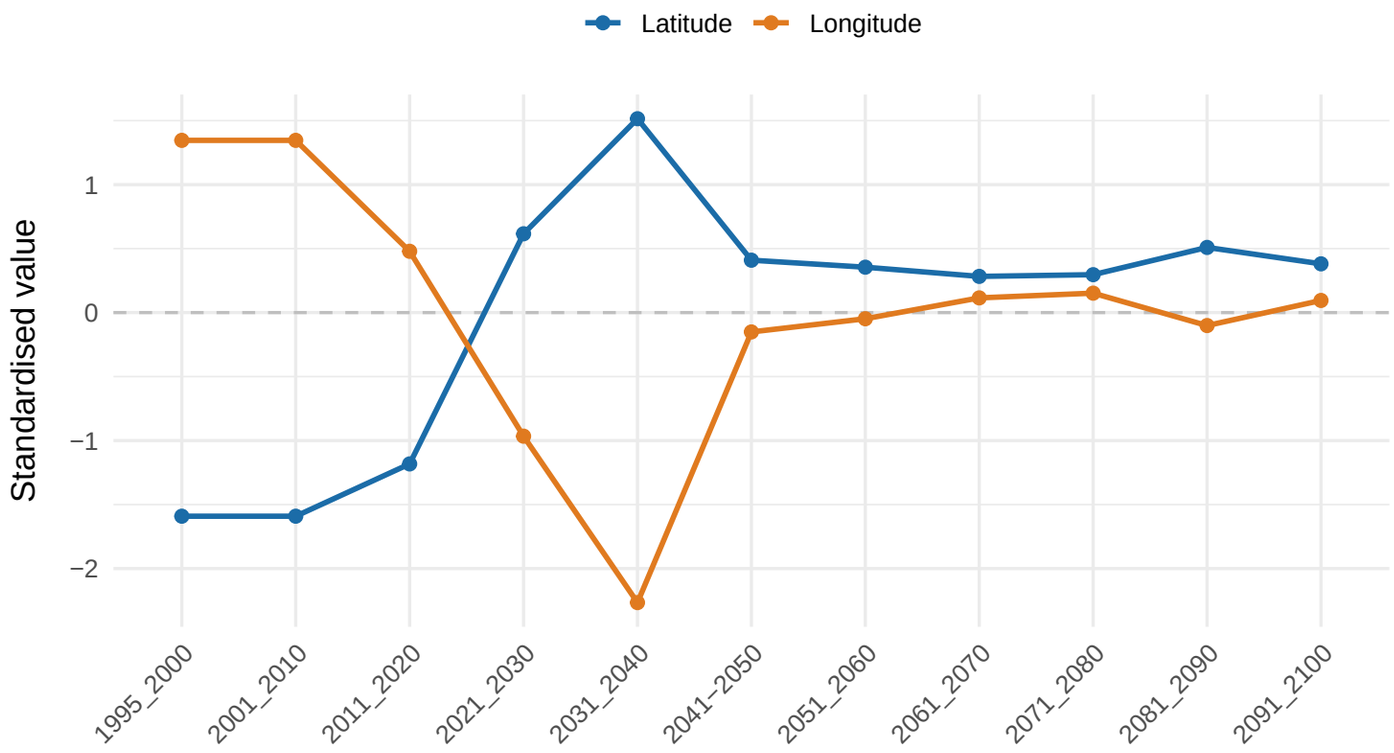

Raw values

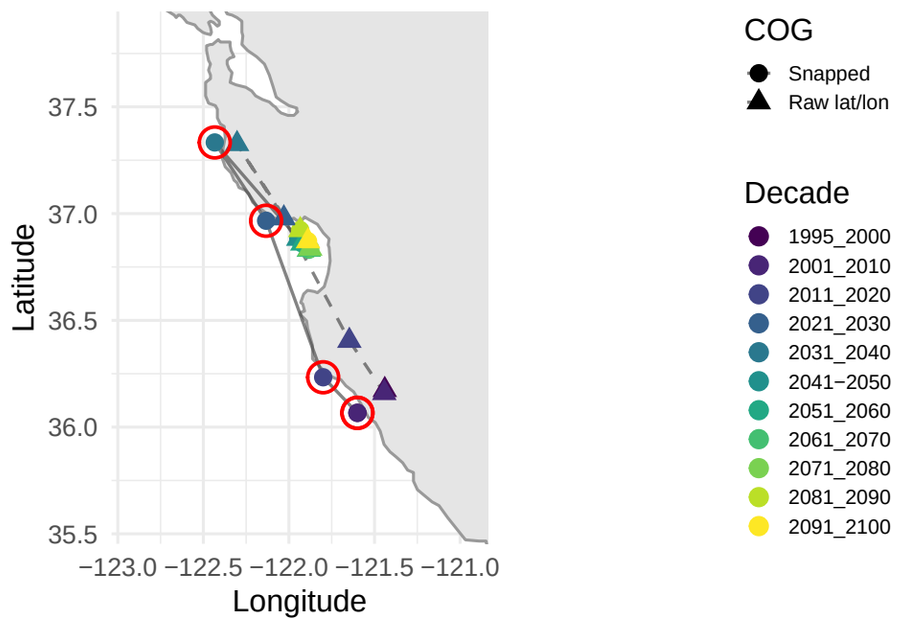

Gopher rockfish (Fish)

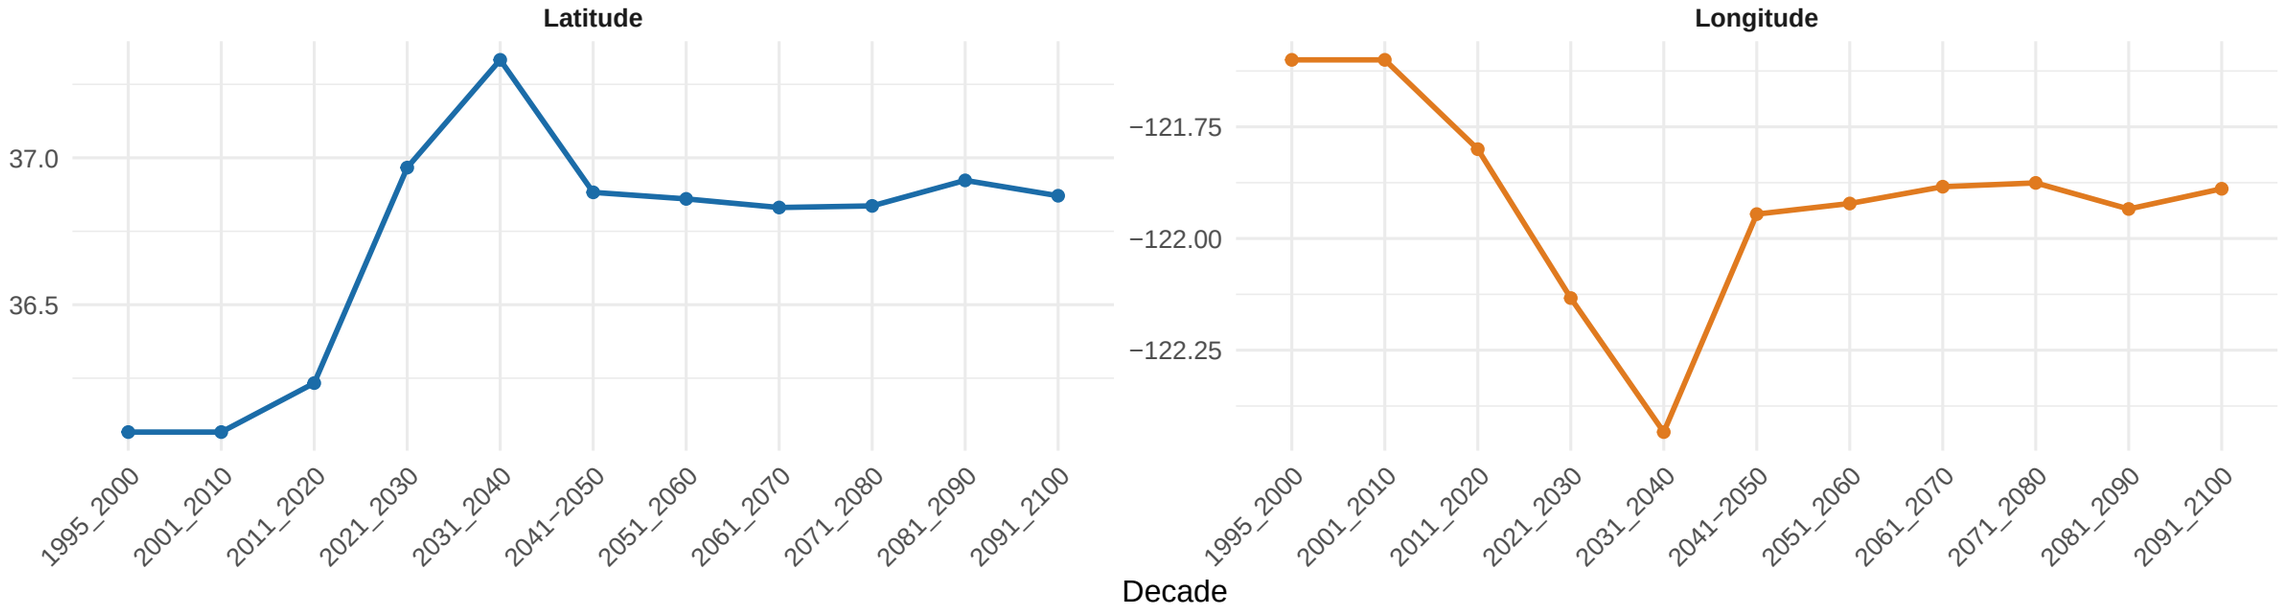

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

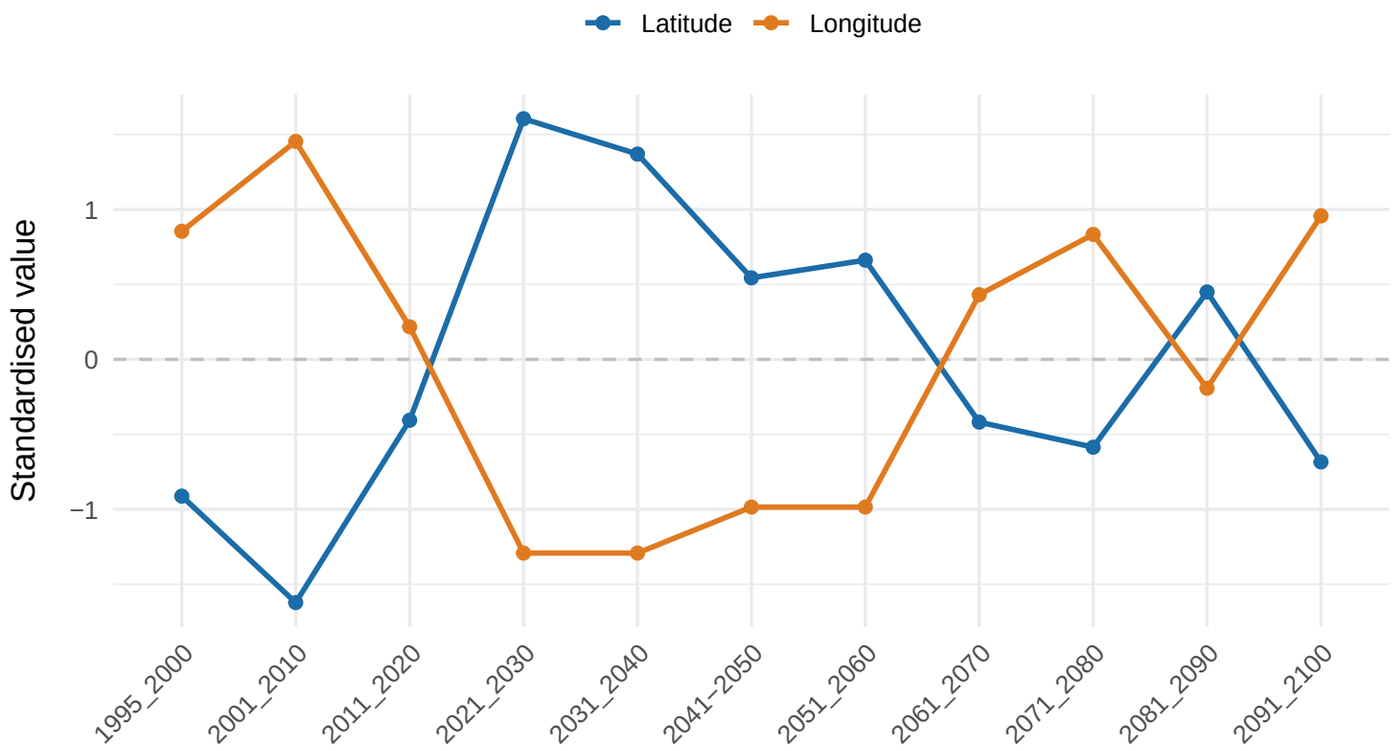

Raw values

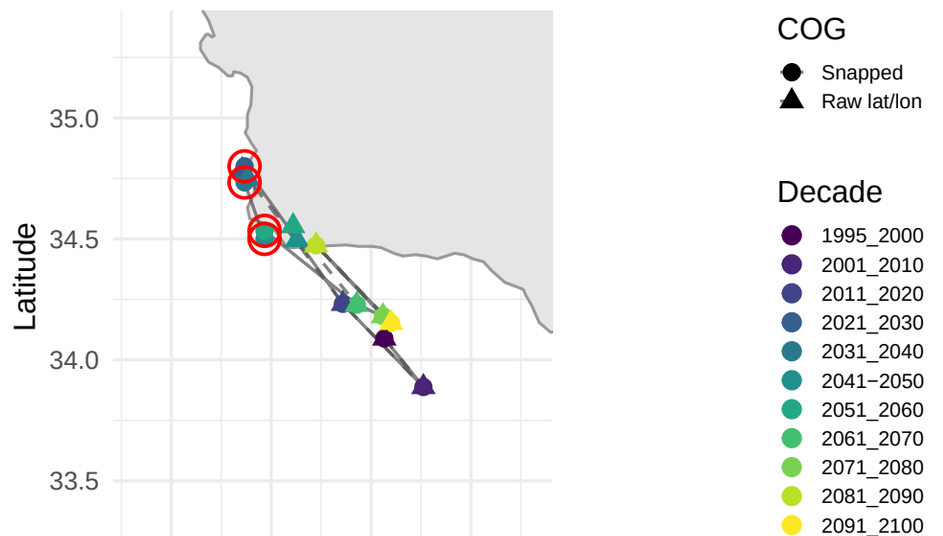

Ocean whitefish (Fish)

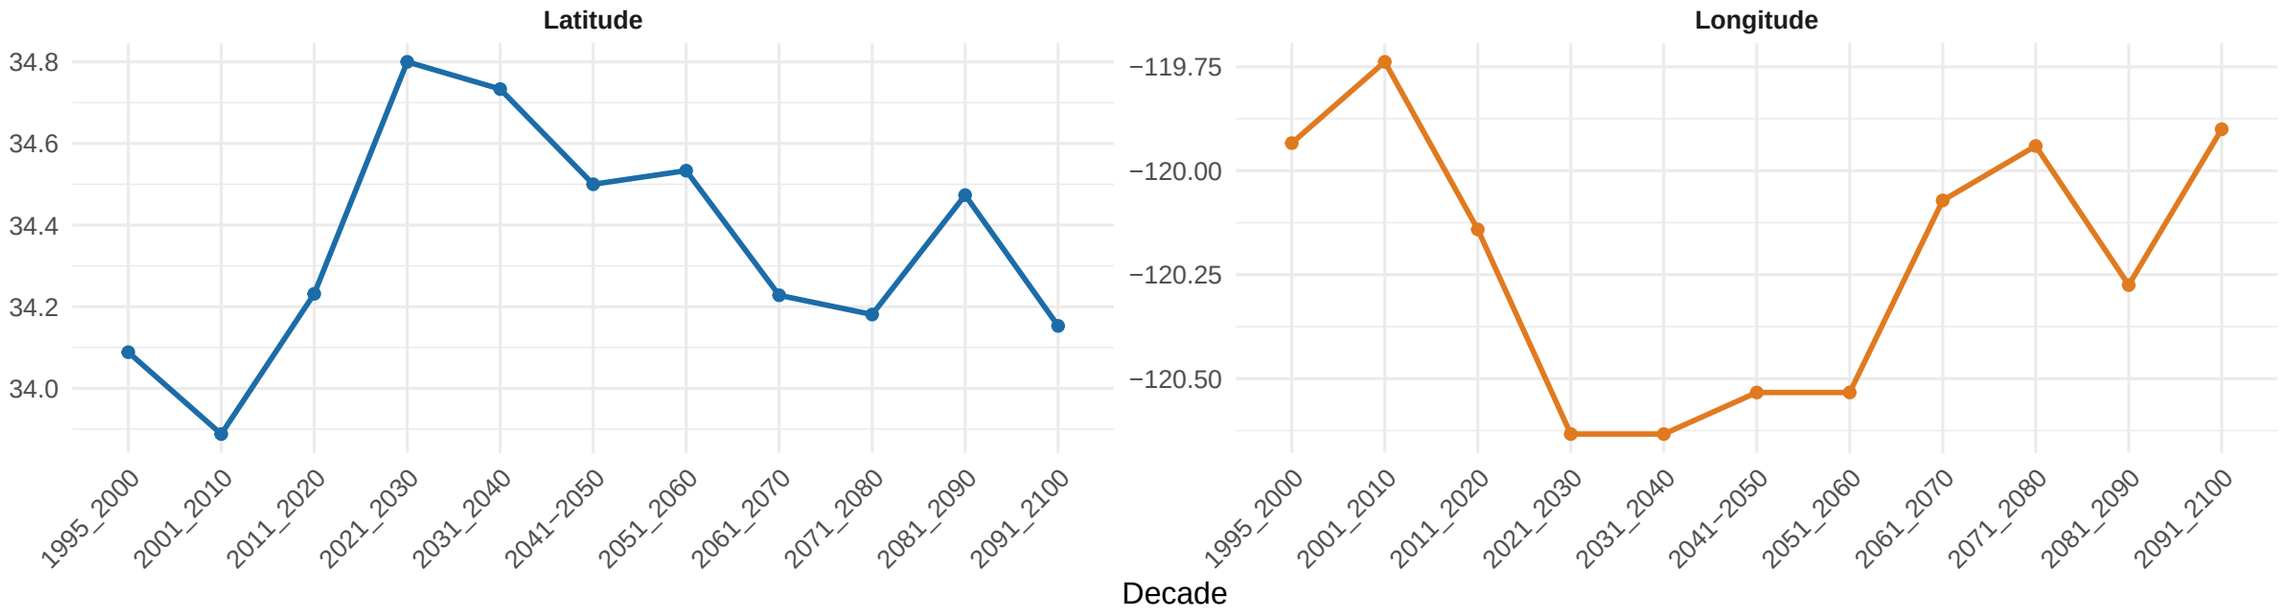

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

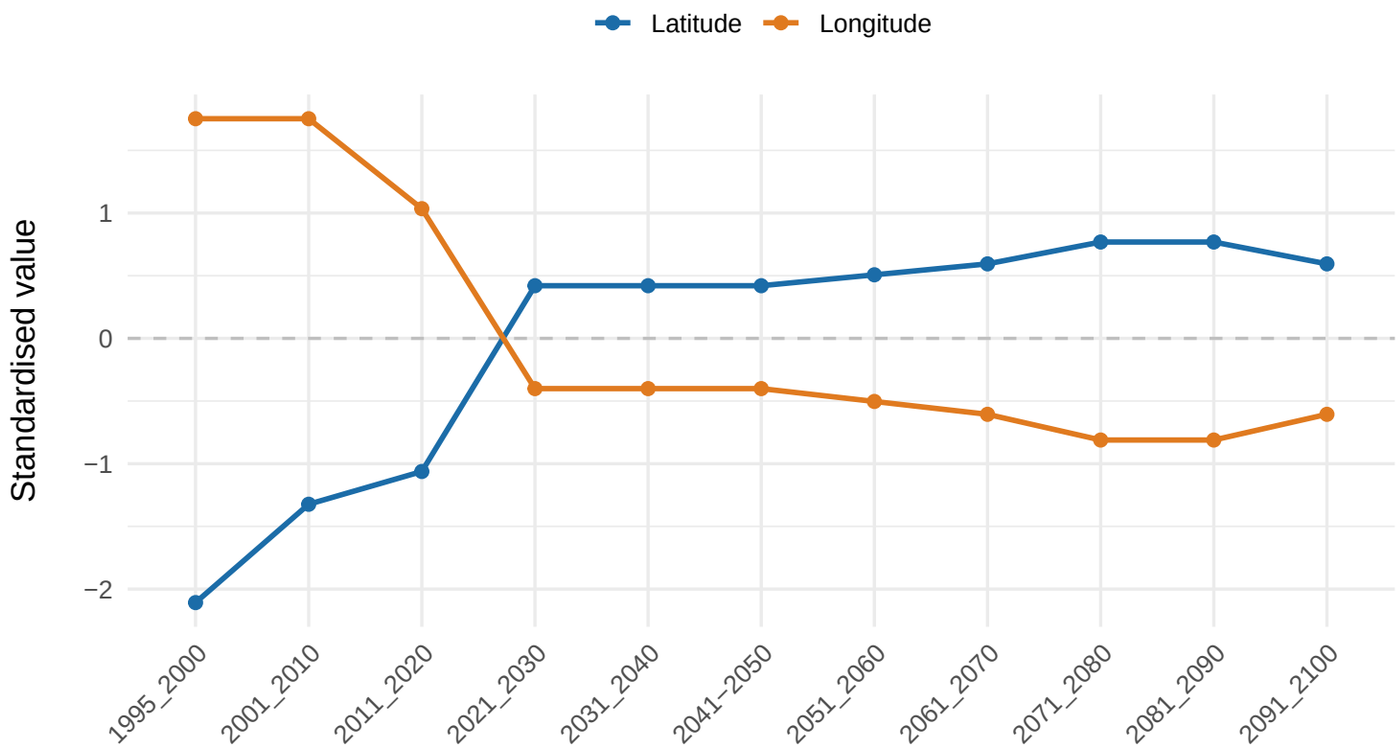

Raw values

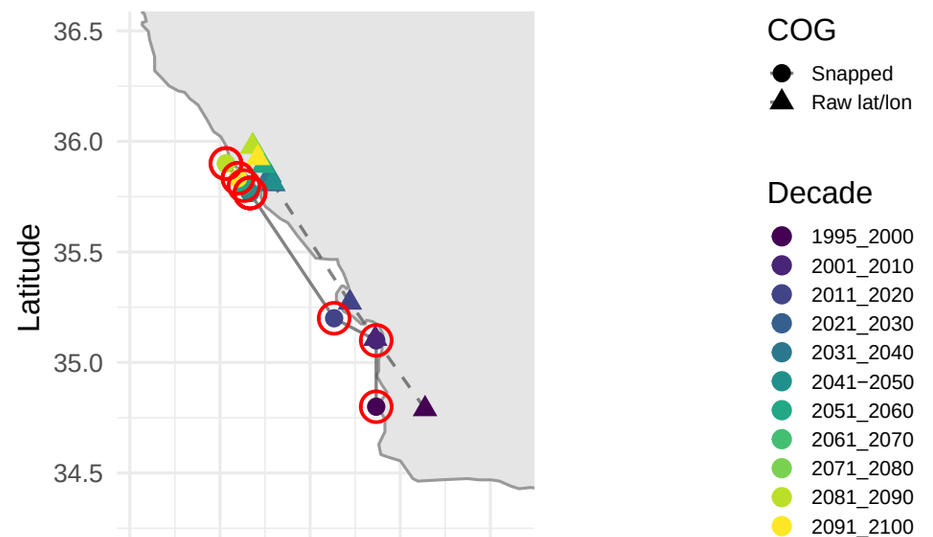

CA Lobster (Inverts)

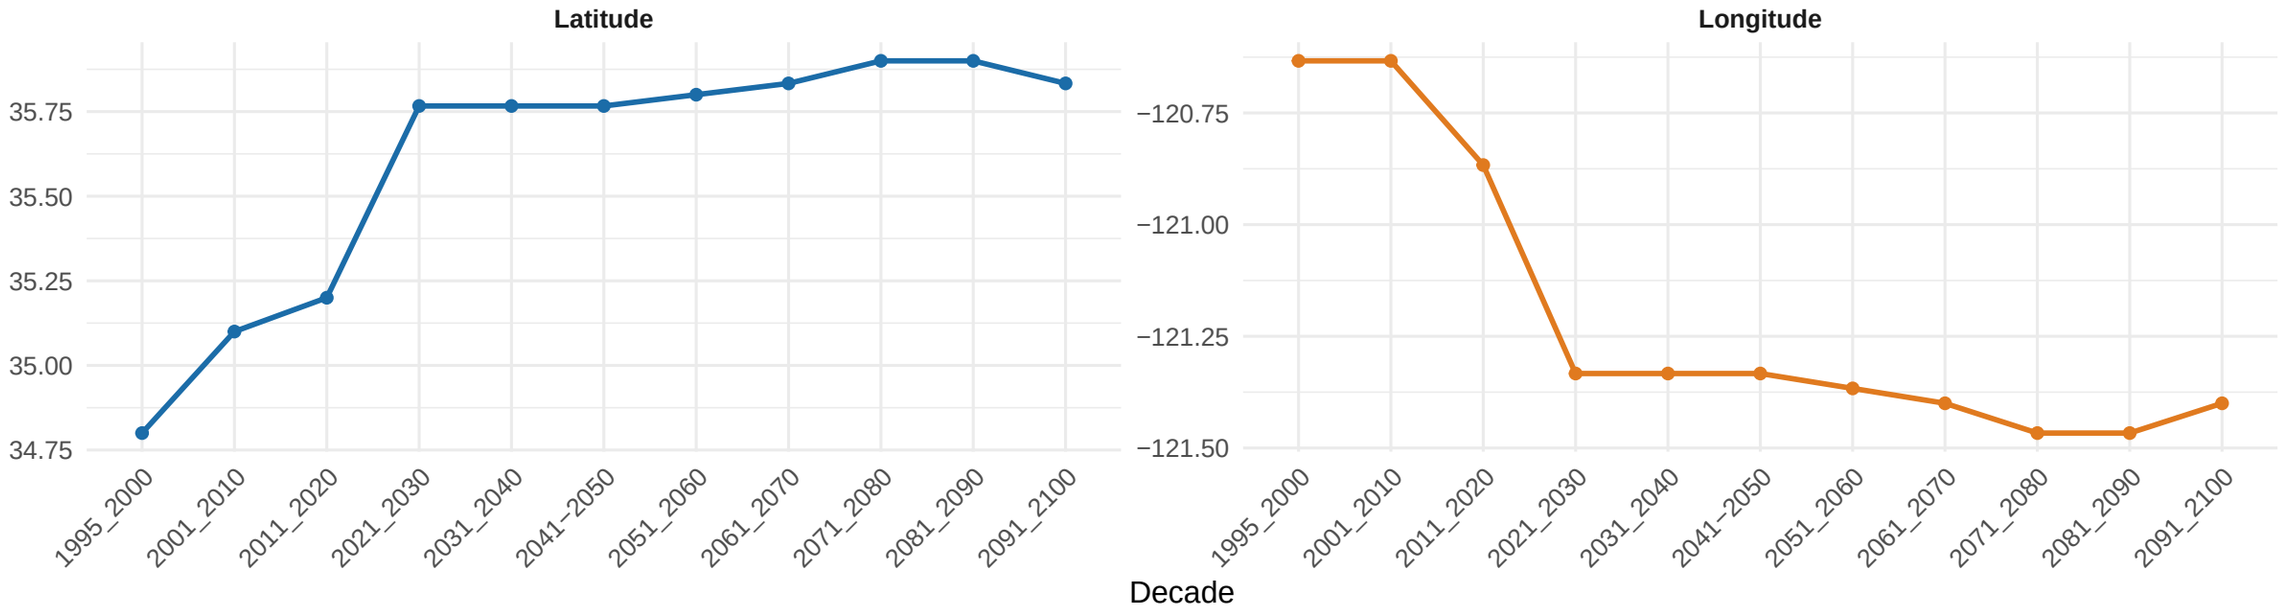

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

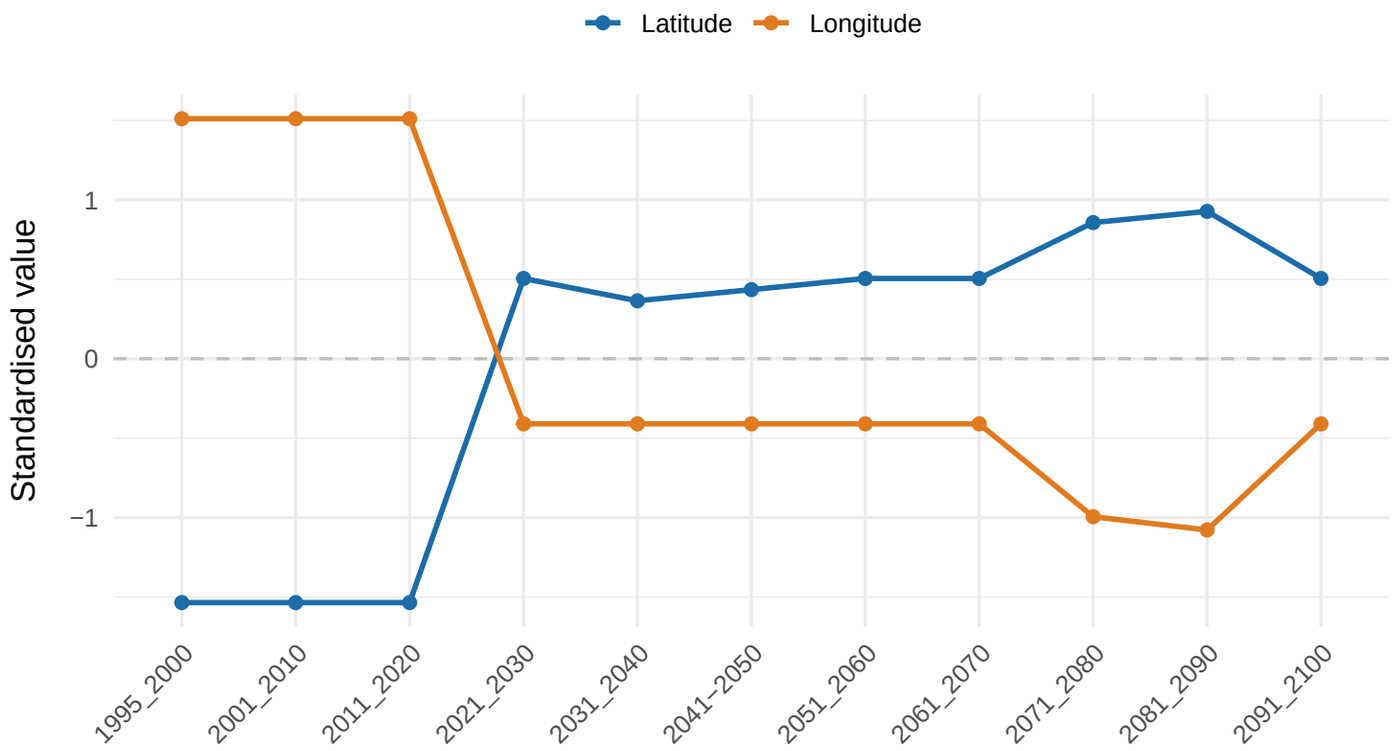

Raw values

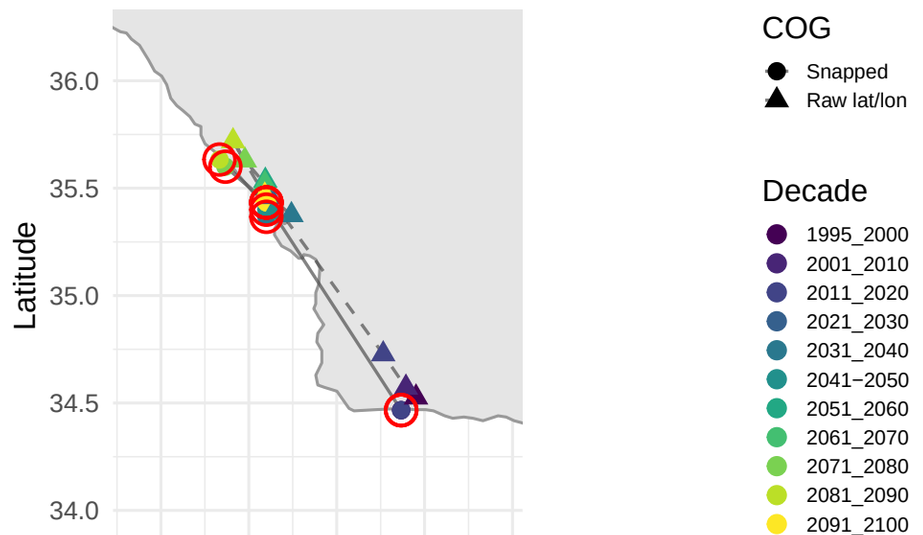

Ridgeback prawn (Inverts)

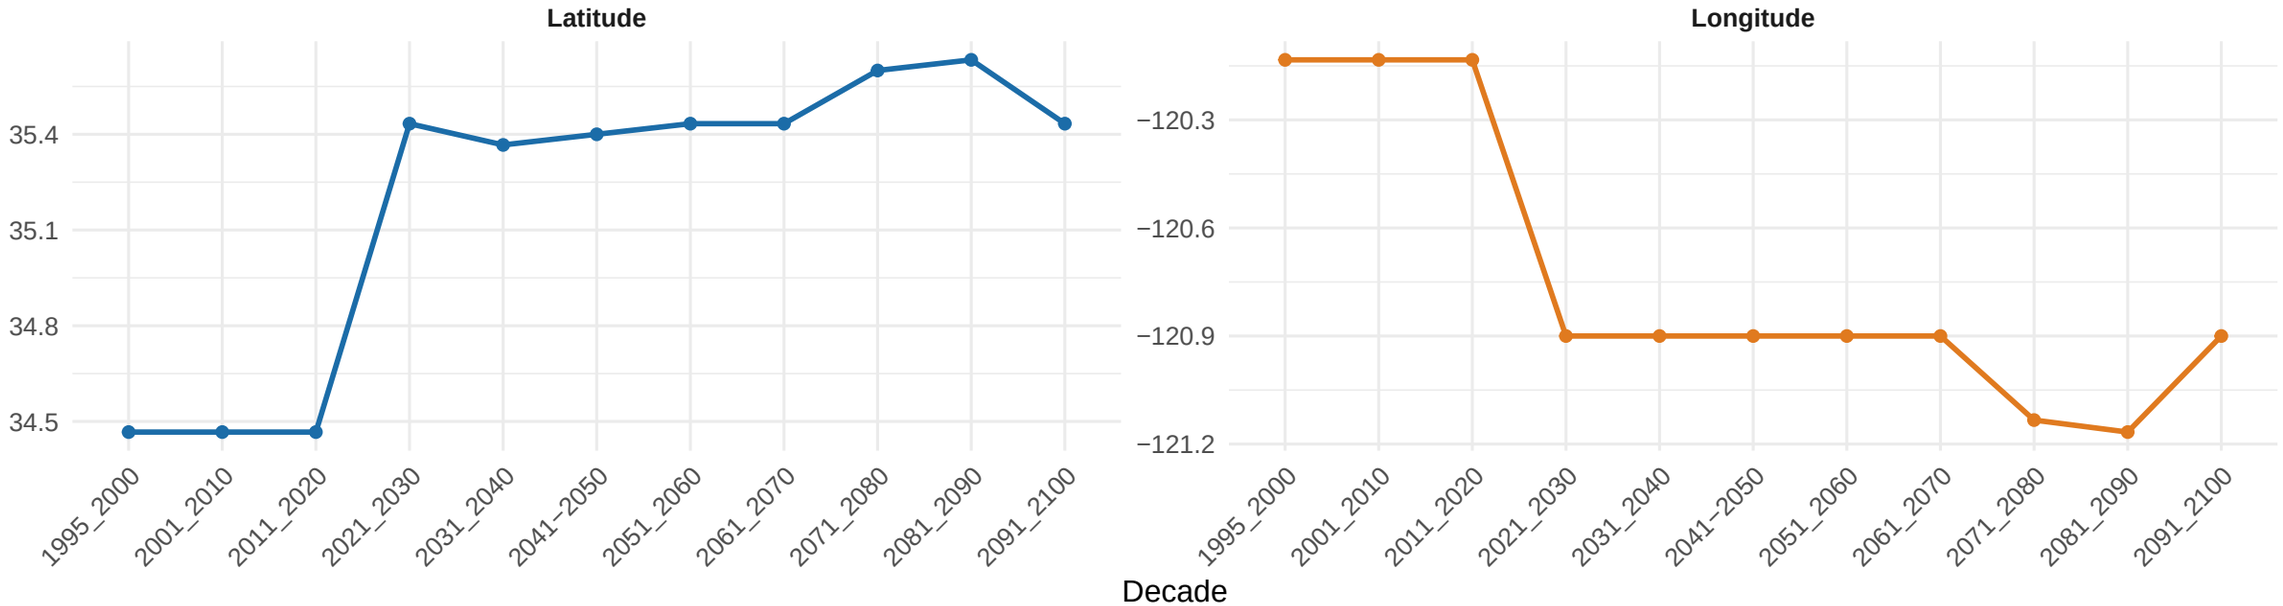

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

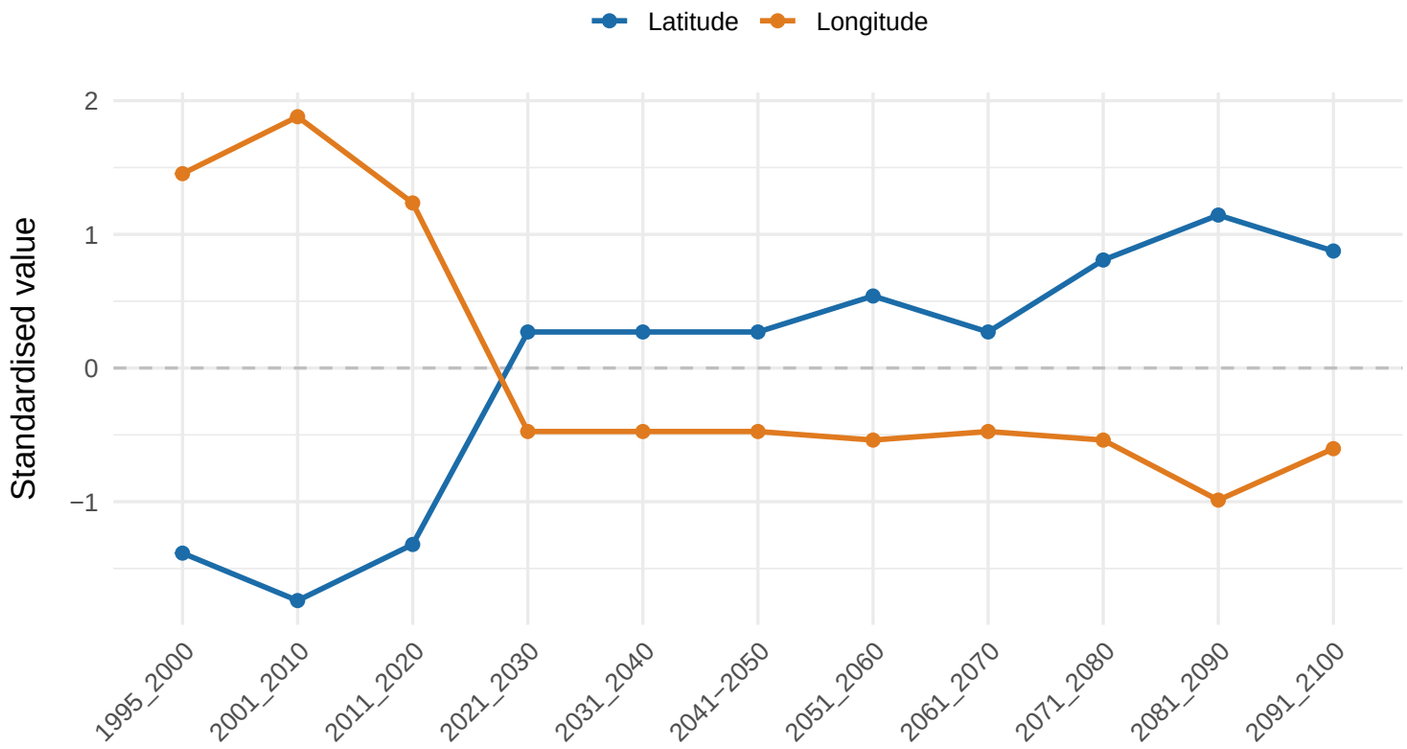

Raw values

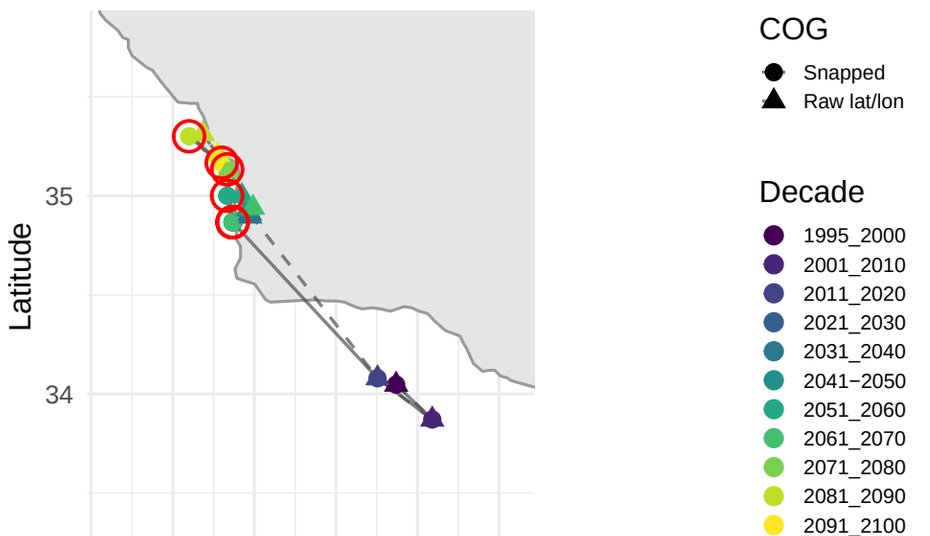

Sea cucumber (Inverts)

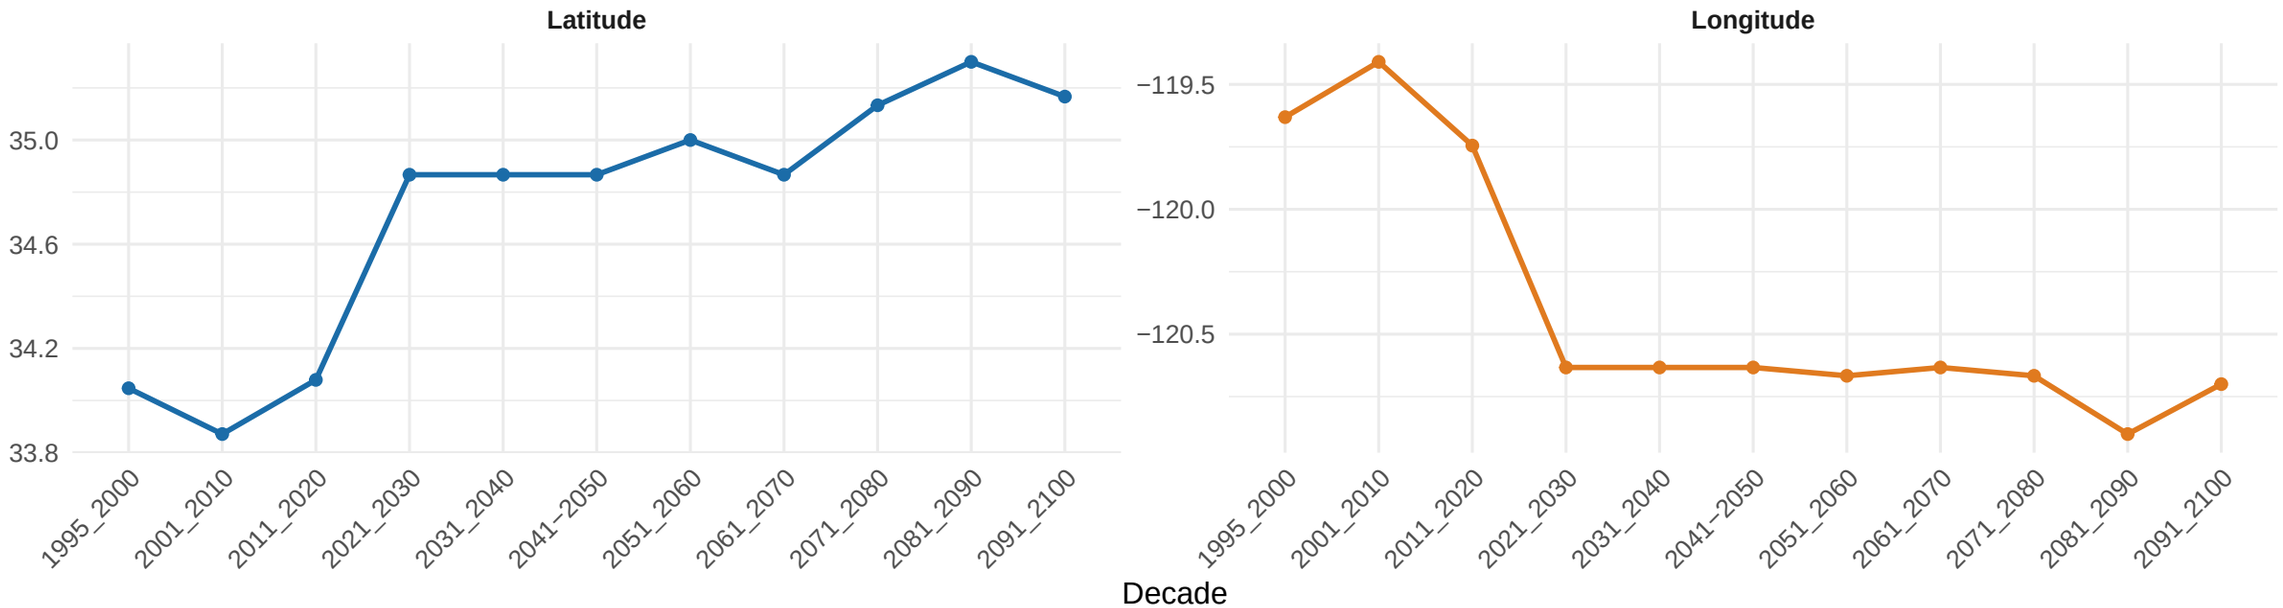

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

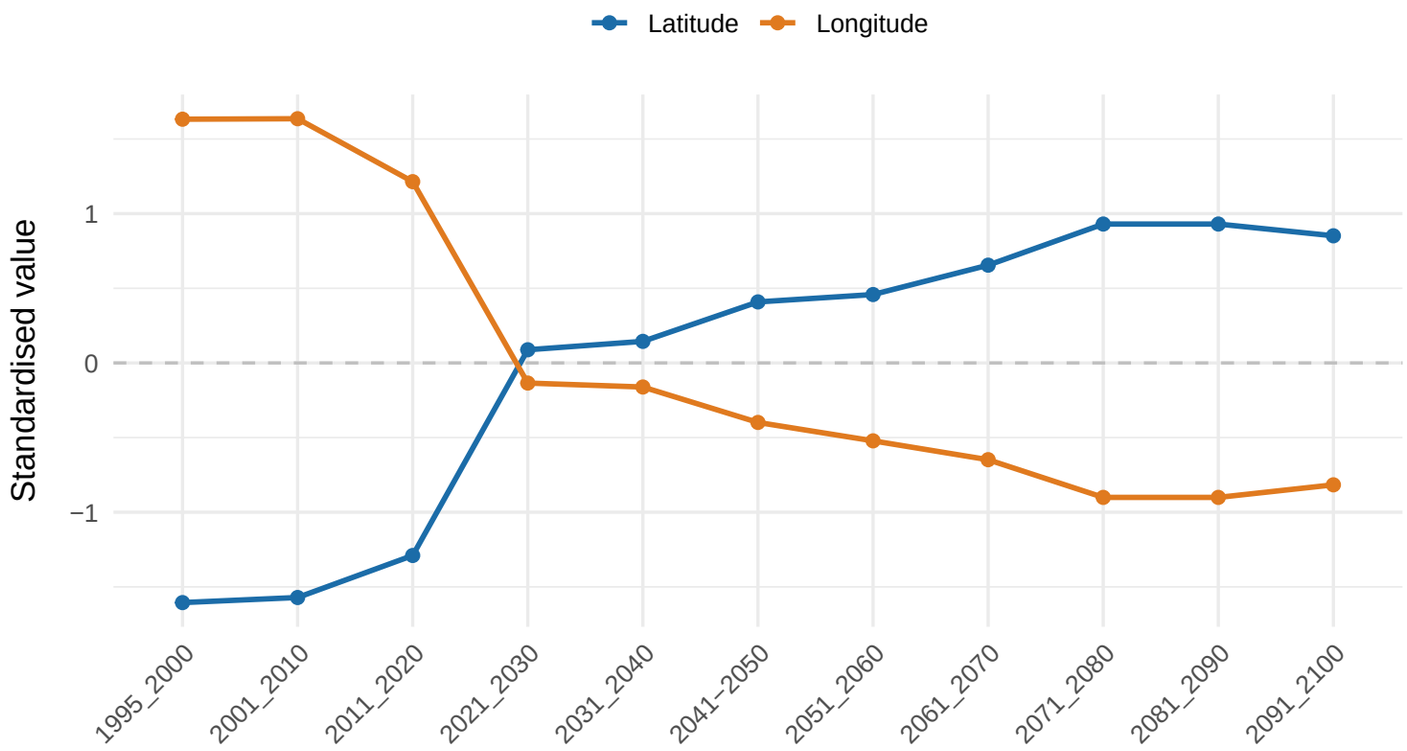

Raw values

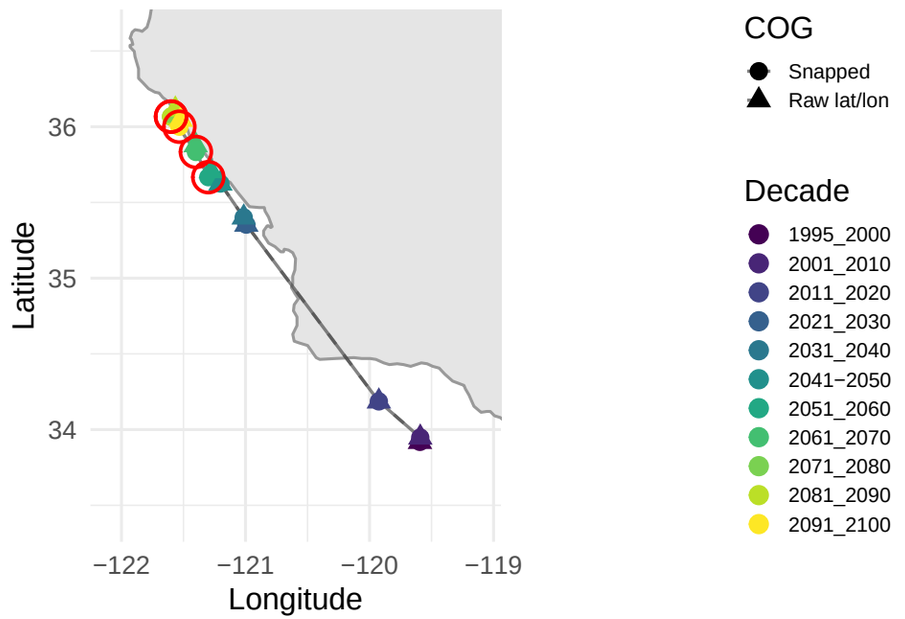

market squid (Inverts)

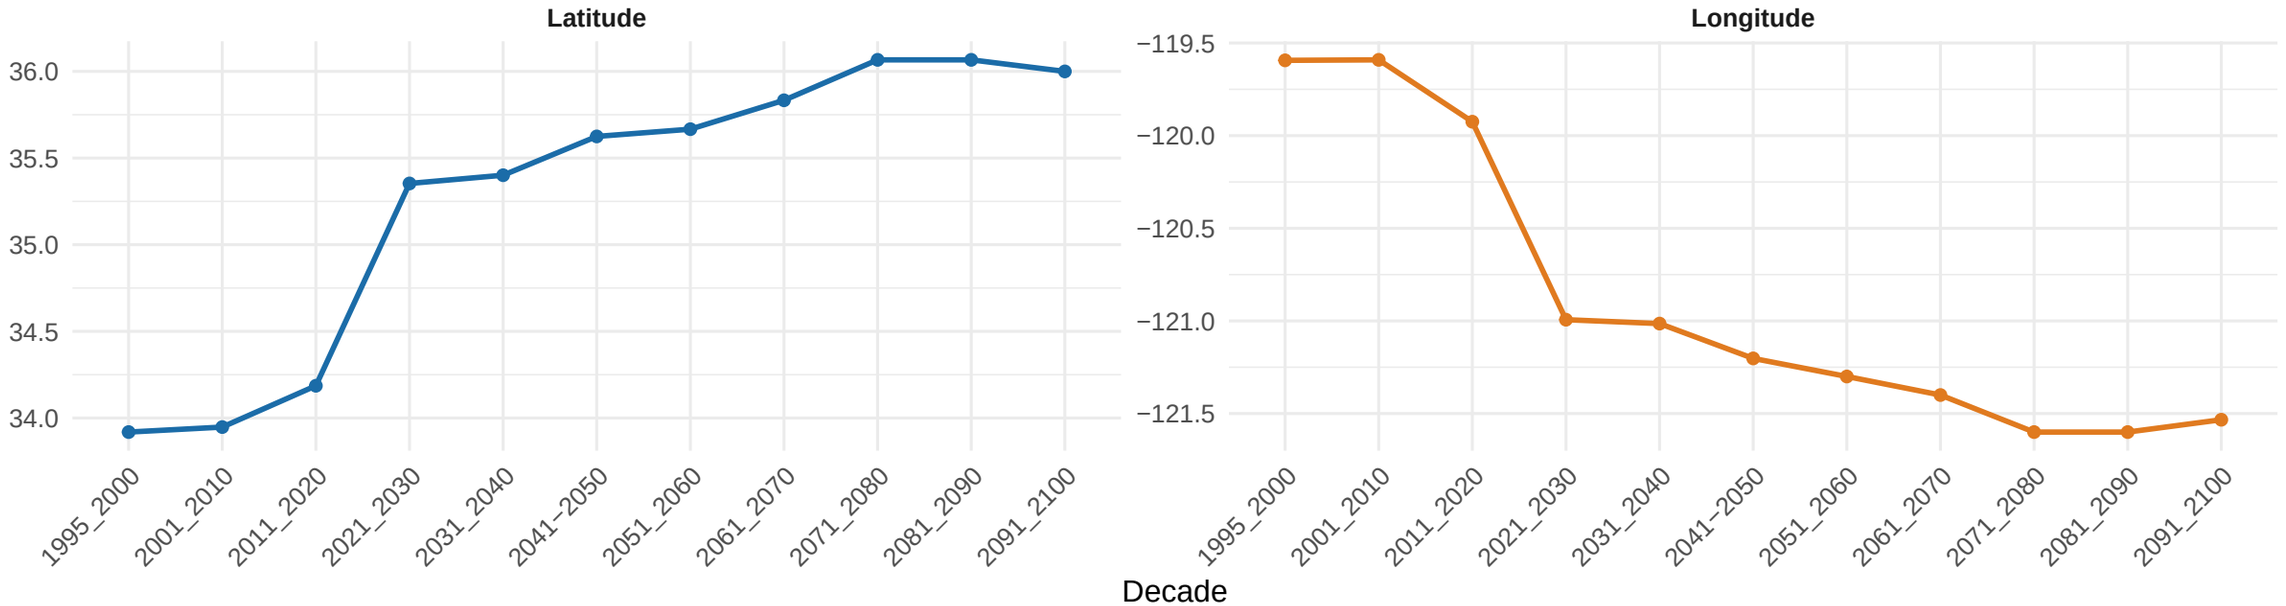

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

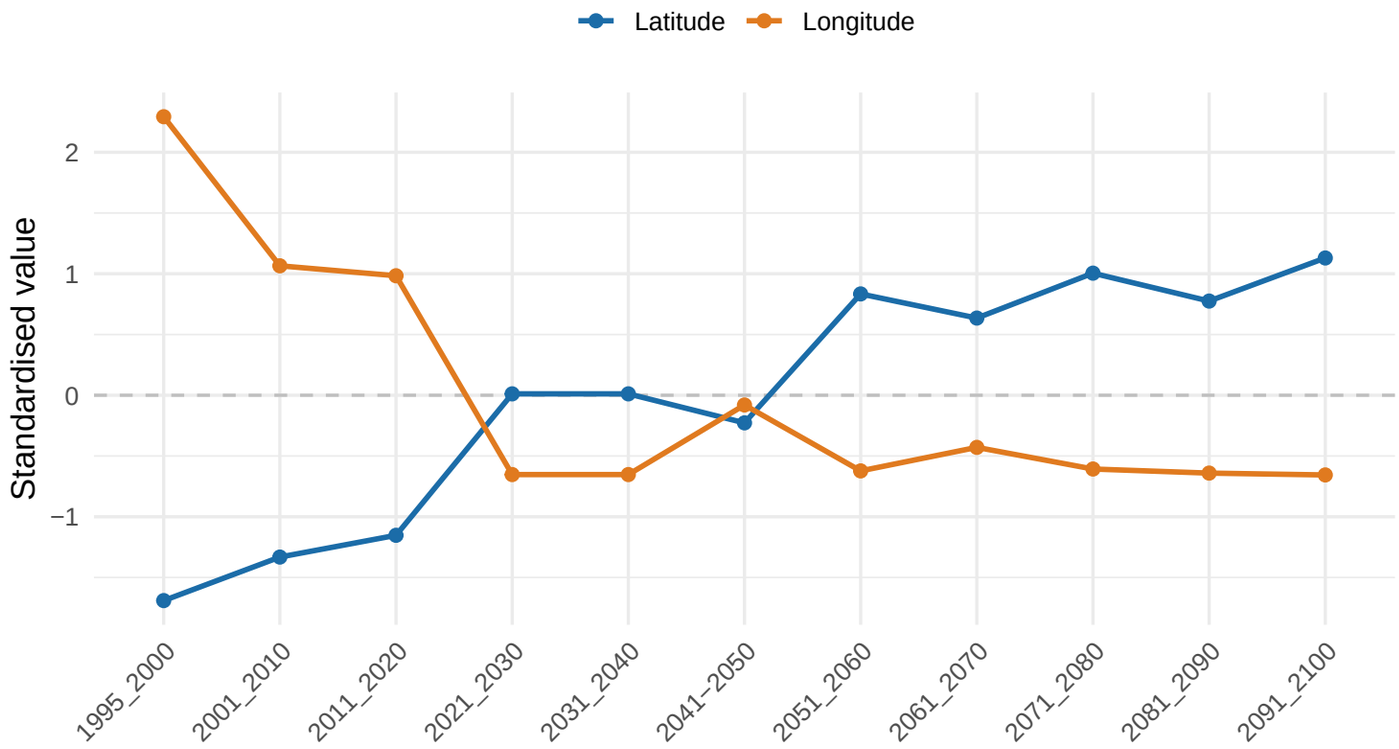

Raw values

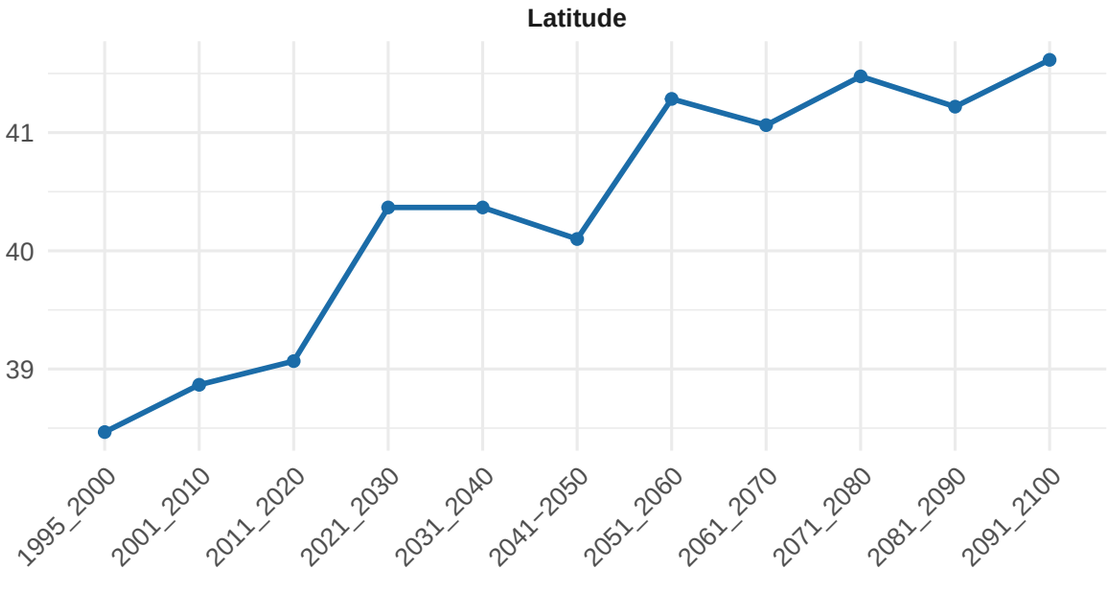

pink shrimp (Inverts)

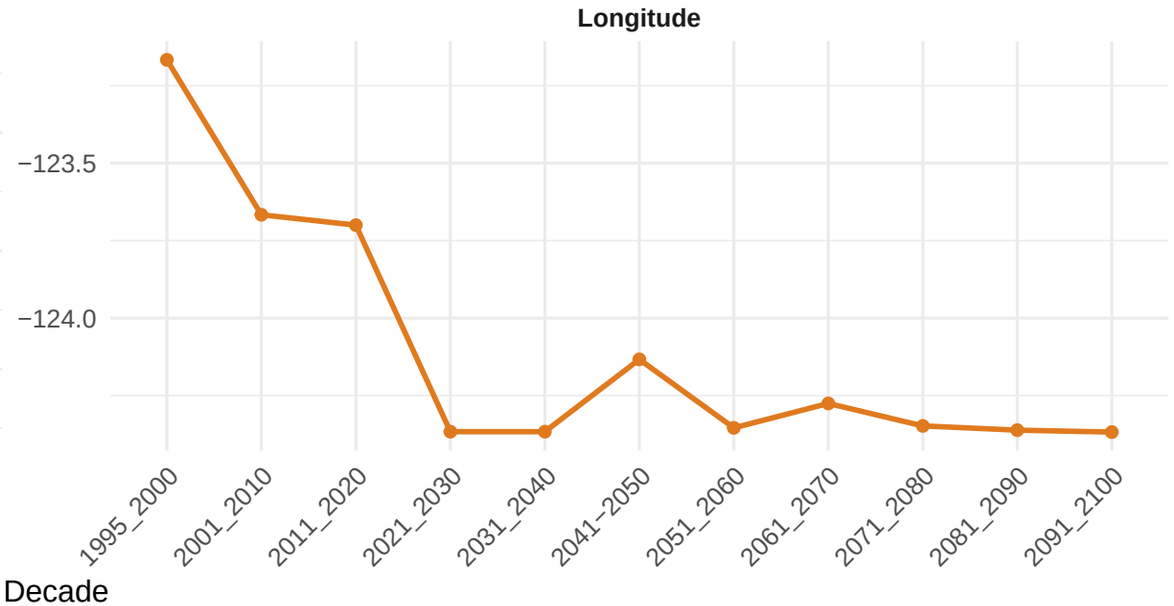

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)

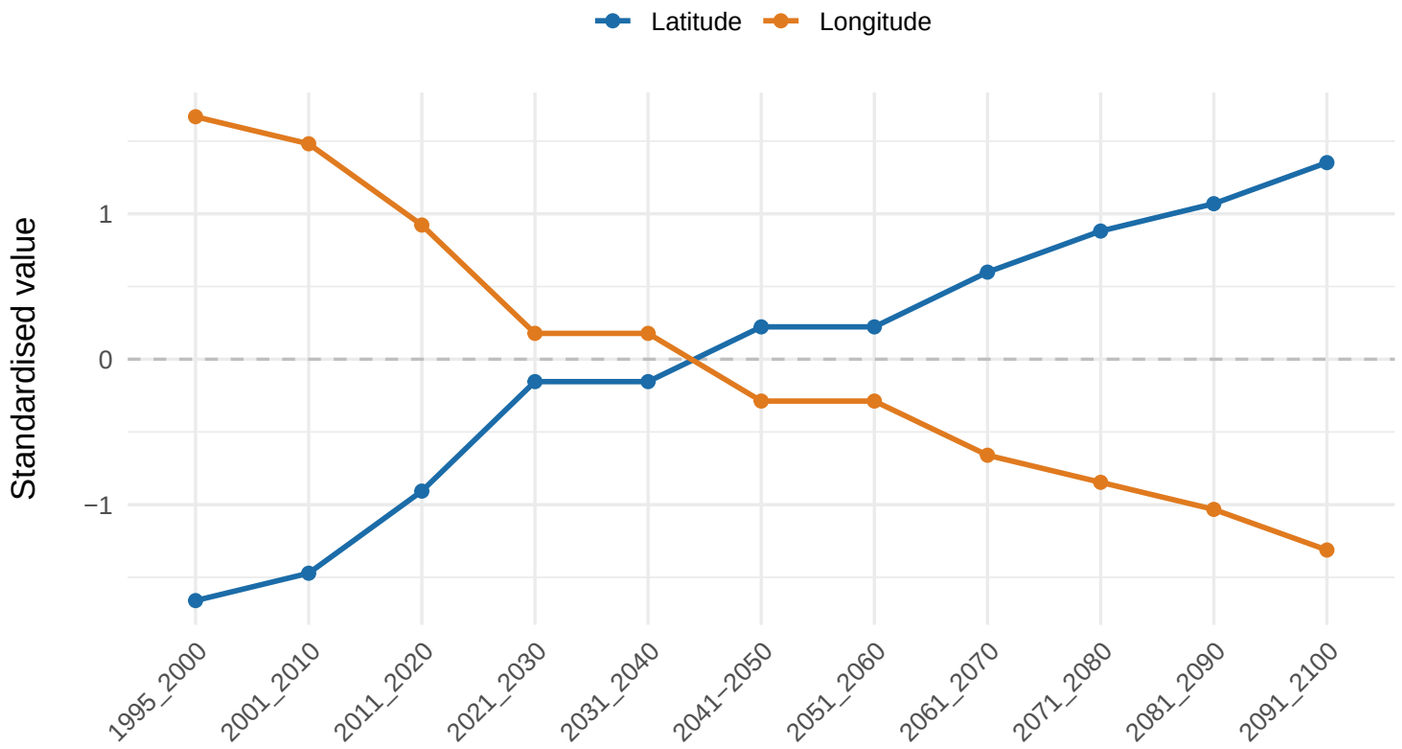

Raw values

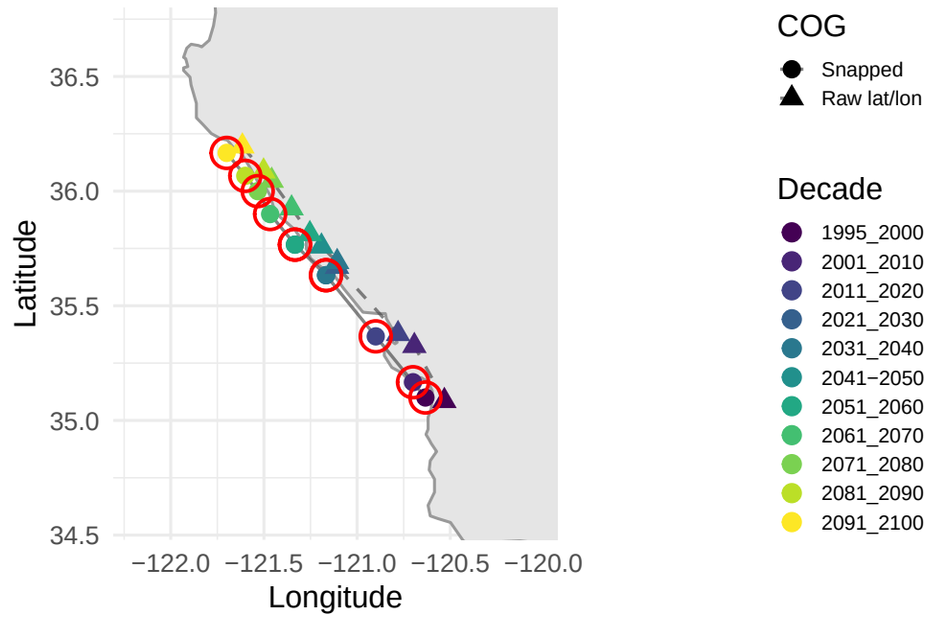

red urchin (Inverts)

Standardised trends (z−score within each metric)

COG by decade (red ring = moved off land)
